Who is your favorite Black history figure?	Who is your favorite women's history figure?

Share who your favorite Black or women's history figure is. Include what you know or learned about this person, such as where they are from or what they are famous for. Then share your favorite quote from them.

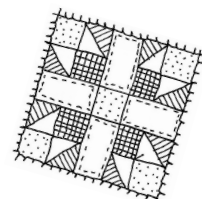

Use the included scrapbook paper square as a background to create a one-of-a-kind quilt piece about your chosen historical figure. Make sure it includes their name and your favorite quote from them. You can add drawings, words, photos, magazine pictures, and any type of arts and crafts you have to bring your quilt piece to life- be creative!

Bring your square with you on either
